

## Accommodation and Travel

The course will be held at three different locations.

1. Monday, November 3<sup>rd</sup>:  
Delft University of Technology  
Department of Biotechnology  
Julianalaan 67  
2628 BC Delft  
the Netherlands

Delft is a popular tourist destination, and there are many hotels and bed & breakfast locations in the city centre. On [our website](#) you can find more info and recommendations.

From Schiphol airport, travelling to “Delft Centraal” will take you roughly 45 min by train. You can either take a direct train (intercity), or travel via “Leiden Centraal”. You can easily plan your trip using this website: <http://9292.nl/en>. On the Schiphol train station, there are servicedesks where you can get info and a travelplan.

From Delft Central station, you can either walk or take a bus to your accommodation or the course location. (Locations in the city centre are usually easier by foot than by bus.) For planning this trip, you can use [the same website](#).

We will arrange a bus to transport you to the second course location on Tuesday (and back).

2. Tuesday, November 4<sup>th</sup>:  
Wageningen University and Research Centre  
Axis, building number 118  
Bornse Weilanden 9  
6708 WG Wageningen  
the Netherlands
3. Wednesday, November 5<sup>th</sup>:  
Bioprocess Pilot Facility  
Alexander Fleminglaan 1  
2613 AX Delft  
the Netherlands

The BPF can be reached by bus. For planning your trip by public transport, you can use [the same website](#).
